INTERNATIONAL CONFERENCE ON

SHAPE MEMORY MATERIALS AND IMPLANTS IN MEDICINE

June 23-25, 2014

TOMSK, RUSSIA

Dear _____

Gratefully, Organizing Committee invites you to participate in the Conference.

This International Conference on **Shape Memory Materials and Implants in Medicine** follows in the traditions since 1983, when the first one was held in Tomsk.

The main aim of the Conference is to show and discuss recent developments on fundamental aspects of novel biocompatible material and implanting systems, techniques of their application as well as wide clinical results.

Organizing Committee will be presented journals and books devoted to clinical experience of SME-materials and implants. Patent reports including essays of patents and author's certificates published in Russia and abroad will available as well. Shape Memory Implant Academy (A-SME) will be able to affiliate the most outstanding researchers to Academy's membership.

SCOPE OF CONFERENCE

Topics of interest include as follows:

- ▽ research and development of shape memory superelastic biomaterials and implants;
- ▽ biocompatibility, corrosion resistance, superelasticity of shape memory biomaterials and implants;
- ▽ physical and mechanical properties of implants;
- ▽ implant-tissue interaction;
- ▽ SME implants new technologies in medicine.

According to Editorial Committee decision there will generally presented the key presentations.
